## AGENDA

October 1<sup>st</sup>, 2019  
2:00 P.M.

Board of Commissioners of Public Lands  
101 E. Wilson Street, 2<sup>nd</sup> Floor  
Madison, Wisconsin

### Routine Business:

- 1) Call to Order
- 2) Approve Minutes – September 17<sup>th</sup>, 2019 (Attachment)
- 3) Approve Loans (Attachment)

**Old Business:** None

### New Business:

- 4) Overview of Land Bank Transactions
- 5) Proposed Land Bank Purchase – (P1901 – Minocqua Timber) (Attachments)
- 6) Proposed Land Bank Exchange – (E1901 – National Park Trust) (Attachments)
- 7) Proposed Land Bank Exchange – (E1902 – Northwoods Land Trust) (Attachments)
- 8) Proposed Land Bank Exchange – (E1903 – Wisconsin Valley Improvement Company) (Attachments)

### Routine Business:

- 9) Chief Investment Officer's Report (Attachment)
- 10) Executive Secretary's Report
- 11) Board Chair's Report
- 12) Future Agenda Items
- 13) Adjourn

Board Meeting Minutes  
September 17<sup>th</sup>, 2019

Present in person were:

- |   |  |
|---|--|
| Sarah Godlewski, Board Chair              | State Treasurer                        |
| Jonathan Barry, Executive Secretary       | Board of Commissioners of Public Lands |
| Tom German, Deputy Secretary              | Board of Commissioners of Public Lands |
| Mike, Krueger, IT Manager                 | Board of Commissioners of Public Lands |
| Richard Sneider, Chief Investment Officer | Board of Commissioners of Public Lands |
| Micah Zeitler, Real Estate Specialist     | Board of Commissioners of Public Lands |
| John Schwarzmann, Forest Supr             | Board of Commissioners of Public Lands |
| Kevin Burms, Senior Forester              | Board of Commissioners of Public Lands |

Present via teleconference were:

- |                         |                  |
|-------------------------|------------------|
| Josh Kaul, Commissioner | Attorney General |
|-------------------------|------------------|

**ITEM 1. CALL TO ORDER**

Board Chair Godlewski called the meeting to order at 2:04 p.m.

**ITEM 2. APPROVE MINUTES – SEPTEMBER 3<sup>rd</sup>, 2019**

**MOTION:** Board Chair Godlewski moved to approve the minutes; Commissioner Kaul seconded the motion.

**DISCUSSION:** Josh noted he had voted to adjourn the meeting also - will be adjusted to 3-0.

**VOTE:** The motion passed 2-0.

**ITEM 3. APPROVE LOANS**

**MOTION:** Board Chair Godlewski moved to approve the loans; Commissioner Kaul seconded the motion.

**DISCUSSION:** Mr. Sneider commented on the 2nd loan - it was for roadwork and equipment.

**VOTE:** The motion passed 2-0.

Municipality	Municipal Type	Loan Type	Loan Amount
1. Buchanan Outagamie County Application #: 02020036 Purpose: Finance land acquisition for municipal garage	Town Rate: 3.75% Term: 10 years	General Obligation	\$535,000.00
2. Elk Mound Dunn County Application #: 02020035 Purpose: Finance 2019 capital projects	Village Rate: 4.00% Term: 20 years	General Obligation	\$582,995.00
3. Spencer Marathon County Application #: 02020034 Purpose: Finance roadwork	Town Rate: 3.75% Term: 3 years	General Obligation	\$75,000.00

#### **ITEM 4. OVERVIEW OF LAND TRANSACTION**

**DISCUSSION:** Deputy Secretary German provided the Board with an overview of the proposed land transactions for the disposition of 731 acres of school trust lands and the acquisition of 1272 acres of timberland located in Iron and Oneida counties from Minocqua Timber, LLC.

The acquisition would be comprised of three land exchanges involving the National Park Trust, the Northwoods Land Trust and the Wisconsin Valley Improvement Company (WVIC) in addition to an outright purchase by BCPL. Commissioner Kaul asked why land exchanges were being used in this situation instead of straight land sales and purchases. Deputy Secretary German explained that federal law prohibits the National Park Service from purchasing land directly from a state and state law authorizes BCPL to sell school trust land directly to only certain governmental entities, but not the Northwoods Land Trust or WVIC. There are no such limitations on the use of land exchanges. By structuring these proposed transactions as exchanges there is a clear path to completion for both sides. Furthermore, WVIC is interested in acquiring the right to overflow or flood the selected school trust lands and a land exchange is the only way to structure the transaction to allow WVIC to acquire such flowage or waterpower rights.

Taken together, the transactions would allow BCPL to acquire significant acreage of productive, revenue producing timberland while unlocking access to over 600 acres of previously landlocked school trust land parcels. Furthermore, the proposed exchanges would allow BCPL to divest itself of school trust lands that are not currently producing any revenue for the school trust funds. In addition, the exchanges would provide for the permanent protection and preservation of most of those school trust lands. The completed transaction will produce a school trust land base that is more consolidated, more productive, have better public access and can be managed more efficiently than the current land base.

**MOTION:** Commissioner Kaul suggested the board defer taking action on the proposed transactions until the next meeting and Commissioner Godlewski concurred.

**VOTE:** The motion passed 2-0.

#### **ITEMS 5-8. BOARD CHAIR'S REPORT**

Detailed items were not discussed as they were deferred until the next board meeting

#### **ITEM 9. CHIEF INVESTMENT OFFICER'S REPORT**

Mr Sneider reported that an additional \$83 million in bonds were called in August due to lower market interest rates. The remainder of the portfolio is well insulated against further calls, with staff currently expecting few calls through the remainder of 2019, with approximately \$33 million throughout 2020.

The BCPL Investment committee made verbal commitments of \$90 million to real estate funds, with \$40 million expected to be placed within 30 days and the remainder in the 1st and 2nd quarters of 2020. The committee also re-established weekly acquisitions of Public Equity ETFs.

#### **ITEM 10. EXECUTIVE SECRETARY'S REPORT**

Executive Secretary Barry reported that he had visited three legislators and/or their staffs in the past week regarding two topics:

- 1) He shared and discussed The Deer Browsing paper with Representatives Mursau and Swearingen and explained how the paper had been researched and developed. Further, before implementing recommendations of the paper, BCPL would be quantifying any deer browse damage through the use of metrics and 'tools' as recommended by DNR and forestry researchers. Barry highlighted the importance of measurable as opposed to anecdotal information on any deer damage of our timber lands and stated that staff would come back to the board with their findings and recommendations.
- 2) Rep Swearingen expressed his support for proposed legislation that would provide BCPL with a 'gifts and grants' line in our future budget. BCPL is apparently the only state agency without such a provision and it's lack makes it difficult to

accept gifts or grants. Recently, the Ruffed Grouse Society offered BCPL a grant of approximately \$26,000 over two years to enable the GIS mapping and identification of all the BCPL trails and roads within our land holdings. This information would be very useful to the agency in maintain our infrastructure while also markedly improving access for the public.

Executive Secretary Barry also related that he met with Rep. Timothy Ramthun, upon the legislator’s request, to brief him about BCPL and it’s operations. Rep. Ramthun expressed his appreciation for the work that BCPL was doing and indicated his interest in allowing BCPL to increase its accounting capability through consideration of an additional staff person.

**ITEM 11. BOARD CHAIR’S REPORT**

Board Chairman Godlewski stated she did not have a report to deliver to the board at this time.

**ITEM 12. FUTURE AGENDA ITEMS**

Possible discussion on the real estate investment policy update.

**ITEM 13. ADJOURN**

Board Chair Godlewski moved to adjourn the meeting; Commissioner Kaul seconded the motion. The motion passed 2-0; the meeting adjourned at 2:52 p.m.

Jonathan B. Barry, Executive Secretary

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 3  
APPROVE LOANS**

<u>Municipality</u>	<u>Municipal Type</u>	<u>Loan Type</u>	<u>Loan Amount</u>
1. Lake Mills Jefferson County Application #: 02020037 Purpose: Finance roadwork	Town Rate: 3.75% Term: 2 years	General Obligation	\$369,000.00
	<b>TOTAL</b>		<hr/> <b>\$369,000.00</b>

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 4  
OVERVIEW OF PROPOSED REAL ESTATE TRANSACTIONS**

BCPL staff is seeking board approval for the acquisition of 1,272 acres of timberland located in Iron and Oneida counties from Minocqua Timber, LLC.

The acquisition would be comprised of three exchanges involving the National Park Trust, the Northwoods Land Trust and the Wisconsin Valley Improvement Company in addition to an outright purchase by BCPL. The proposed conveyances are depicted on the following graphic.

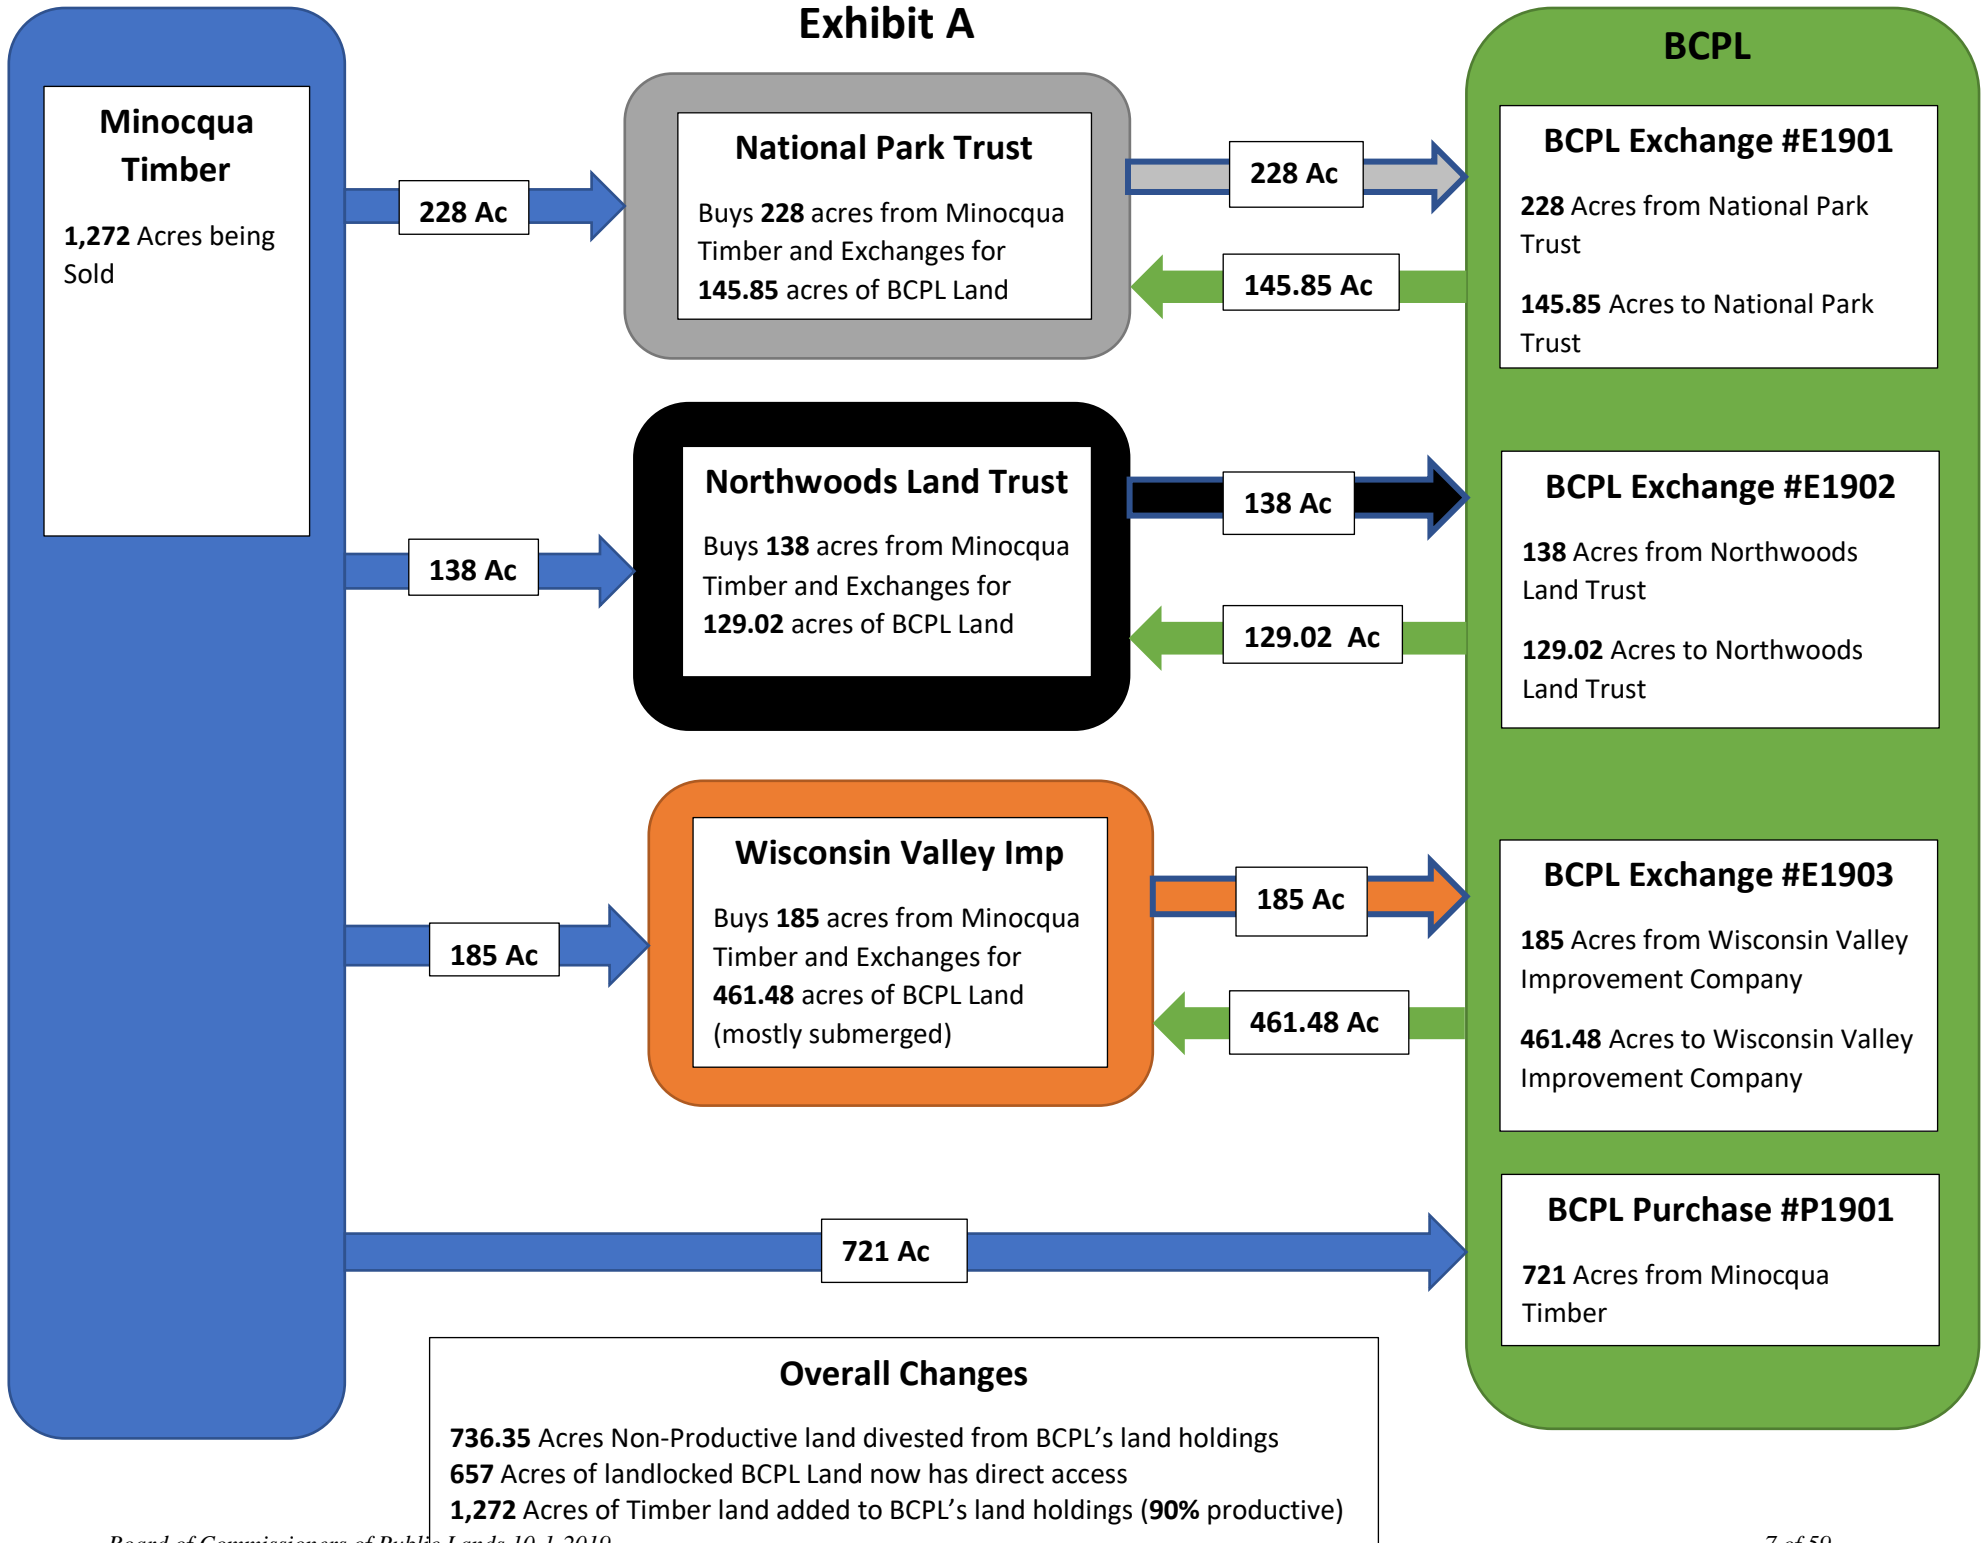

The whole transaction would allow BCPL to acquire significant acreage of productive, revenue producing timberland while unlocking access to 657 acres of previously landlocked school trust land parcels. Furthermore, the proposed exchanges would allow BCPL to divest itself of 731 acres of school trust lands that are not currently producing any revenue for the school trust funds. In addition, the exchanges would provide for the permanent protection and preservation of most of those school trust lands.

The proposed transaction is a bit complicated, but it does achieve a number of BCPL objectives at the same time. The bottom line is that the completed transaction will produce a school trust land base that is more consolidated, more productive, have better public access and can be managed more efficiently than the current land base.

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 5  
PROPOSED LAND BANK ACQUISITION – MINOCQUA TIMBER, LLC (P1901)**

BCPL is required by Wis. Stats. Sections 24.605 and 24.61(2)(cm) to reinvest the proceeds of school trust land sales into other timberland. By law, the land to be acquired must be located within a Consolidation Zone approved by the board, may not exceed the acreage cap, and the land must either improve timberland management, address forest fragmentation, or increase public access to the land.

BCPL prefers to acquire large blocks of productive timberland contiguous to existing BCPL holdings. However, such opportunities are limited given the existing landownership patterns. Fortunately, Minocqua Timber, LLC (“Minocqua Timber”) is offering to sell 1,272 acres of land (the “Property”) in Iron and Oneida County. The Property is not one large block, but is comprised of a few smaller blocks, each of which is contiguous to current BCPL holdings. Considered as a group, the Property meets all the criteria of the land bank requirements.

The Property was independently appraised by Compass Land Consultants, Inc. at a total value of \$1,208,000 but Minocqua Timber declined to sell the Property at that price. Minocqua Timber is willing to sell the Property at a firm price of \$1,308,000. Despite the fact that this price is above the appraised value, BCPL staff recommends acquiring the Property from Minocqua Timber (and transaction partners) for the following reasons:

- Appraisals estimate market value to a generic buyer. Due to the fact that BCPL is an adjacent landowner, all of the following benefits of the transaction add value to BCPL above appraised value and would not be realized by any other buyer.
- The Property would provide permanent legal access to 657 acres of BCPL land that are currently landlocked. This would immediately increase the market value of such previously landlocked parcels. The appraiser contracted by BCPL estimated that the landlocked parcels would increase in value by a total of \$147,825 with legal access. This is full, legal, public access.
- Purchase of the Property would improve and protect public access to hundreds of acres of forestland.
- Purchase of the Property would provide permanent legal access to 288 acres of currently landlocked land owned by Minocqua Timber that is part of this purchase. This would immediately increase the market value of such previously landlocked parcels at \$225/acre, similar to the neighboring BCPL parcels. The estimated value increase would be \$64,800 with full legal public road access.

- Acquisition of the Property would improve timberland management for the following reasons.
  - Access to the current tracts of BCPL school trust lands would be assured, rather than subject to future negotiations with adjacent landowners. Negotiation of access agreements with neighboring property owners has grown increasingly time consuming and expensive. Within the next 2 to 4 years, a timber sale valued at approximately \$50,000 would be benefitted with direct legal access, rather than be jeopardized by an uncertain private land access agreement.
  - The acquisition would provide BCPL with more productive timberland that can be expected to produce significant revenue for the Trust Funds through future timber harvests. The Property is 80% upland and consists of 643 acres of aspen, 162 acres of pine, and 106 acres of hardwoods with an estimated gross timber value of \$640,000. The net present value of cash flows for timber revenue over a 10-year period using a conservative harvesting schedule is \$352,282.
  - Not only would the acquisition provide BCPL with more productive timberland, this acquisition would contribute to the consolidation of larger blocks of timberland with smaller relative perimeters, thereby reducing the amount of boundary line work that BCPL staff must do when establishing timber sales (According to calculations, there will be 6.3 fewer miles of boundary line work).
  - Timberland management also improves because the Property has an excellent system of woods roads and soils that are appropriate for dry-ground summer logging. This creates more and better opportunities for timber sales. The recent winters have had very unpredictable weather which has made it difficult for loggers to harvest winter-only sales. As a result, winter only timber sales have drawn smaller interest and bids. The roads and soils on the Property are expected to bring greater interest from loggers and premium bids on the timber sales.
  - Finally, the Property is located within relatively close proximity to the Lake Tomahawk office resulting in fewer hours spent on the road by our forestry staff, fewer miles driven, and less gas consumed. The cost savings allow BCPL to more efficiently use its agency resources.
- Assembling larger, contiguous, consolidated blocks of school trust lands reduces forest fragmentation.

BCPL staff proposes to acquire the Property as part purchase and part land exchange. BCPL currently has three different (surplus) areas of land that it wishes to divest. These areas total 731 acres and have been appraised at a total value of \$566,000 which would be exchanged for 551

acres of the Property. BCPL would purchase the remaining 721 acres of the Property for a total of \$742,000. While this method of acquisition does complicate the transaction, there are significant benefits to structuring the deal this way. This transaction provides a rare opportunity for BCPL to divest hundreds of acres of unproductive land and increase the percentage of productive timberland by BCPL.

The statutory standard for land exchanges is slightly different than for land purchases but is still easily met in this case. Pursuant to Wis. Stat. Section 24.09(1)(bm), the exchange must “contribute to the consolidation or completion of a block of land, enhance conservation of lands or otherwise be in the public interest.” As noted above, this transaction would create larger consolidated blocks of school trust lands with greater revenue generating capacity for the trust funds, more public access and lower management costs. This statute also requires that the lands being exchanged must be of “approximately equal value” which means the difference in value between the more highly valued land and the less highly valued land does not exceed 10% of the value of the more highly valued land. This standard is met in this case as the total cash and appraised value of the lands being exchanged by BCPL is within 8% above the appraised value of the Minocqua Timber, LLC lands being conveyed to BCPL.

The proposed land exchanges with transaction partners will be presented as separate agenda items. In summary, the National Park Trust would purchase 228 acres from Minocqua Timber and exchange said acreage for BCPL parcels of approximately equal value in Burnett, Polk, and Washburn County. The Northwoods Land Trust would purchase 138 acres from Minocqua Timber and exchange said acreage for a BCPL parcel of approximately equal value in Iron County. Wisconsin Valley Improvement Company would purchase 185 acres from Minocqua Timber and exchange said acreage for BCPL parcels of approximately equal value in Oneida and Vilas County.

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 5  
PROPOSED LAND BANK PURCHASE – MINOCQUA TIMBER, LLC (P1901)**

**RECITALS**

- A. BCPL staff has identified three tracts of land totaling 1,272 acres located in Iron County and Oneida County (the “Property”) currently owned by Minocqua Timber, LLC (“Minocqua Timber”) that would benefit BCPL’s real estate portfolio if acquired. The Property is legally described in the Addendum to the Purchase Analysis which is attached to this resolution as Exhibit A.
- B. The Property is contiguous to land currently owned by the BCPL.
- C. The Property has been evaluated by BCPL staff against purchase criteria previously adopted by the Board. The Property has been determined by BCPL staff to be appropriate for purchase according to such criteria. A copy of the purchase analysis is attached to this resolution as Exhibit A.
- D. The Property was independently appraised by Compass Land Consultants, Inc. at a value of Nine Hundred Fifty Dollars (\$950) per acre for a total of One Million Two Hundred Eight Thousand Dollars (\$1,208,000). A copy of the Certification has been attached to this resolution as Exhibit B.
- E. Minocqua Timber, LLC has agreed to sell the Property for One Thousand Twenty-Eight Dollars and Thirty Cents (\$1,028.30) per acre for a total of One Million Three One Hundred Eight Thousand Dollars (\$1,308,000).
- F. BCPL staff recommends acquiring the Property because the acquisition would:
  - 1. Improve public access to an existing block of BCPL forestland and provide permanent, legal access to previously landlocked BCPL parcels;
  - 2. Improve management efficiencies by increasing the tract size of an existing block of School Trust Lands while reducing per acre boundary line work associated with that block;
  - 3. Add productive timberland that can be expected to produce significant revenue for the School Trust Funds through future timber harvests;
  - 4. Increase the percentage of upland on BCPL properties; and
  - 5. Reduce forest fragmentation.
- G. BCPL staff recommends that the Board authorize the acquisition of all of the Property from Minocqua Timber, LLC at a value of \$1,028.30 per acre for a total transaction

value of \$1,308,000. Although the appraised value is approximately 7.65% lower than the asking price of the seller, BCPL staff believes that the Property would provide additional value to BCPL that is not reflected in the appraisal and therefore paying a purchase price slightly above the appraised value is appropriate in this limited circumstance.

- H. There are currently three separate entities that are seeking to obtain certain parcels of school trust lands from BCPL through the use of land exchanges. BCPL staff recommends that BCPL use this opportunity to acquire a significant amount (approximately 551 acres) of the Minocqua Timber LLC property through the use of land exchanges with these potential transaction partners. The proposed land exchanges are up for separate board consideration at this same meeting.
- I. BCPL staff recommend that any portion(s) of the Property not acquired by BCPL through the use of land exchange(s) be purchased by BCPL at a price not to exceed One Thousand Twenty-eight dollars and 30 cents (\$1,028.30) per acre.

**NOW, THEREFORE BE IT RESOLVED**, that the Board of Commissioners of Public Lands approves the acquisition of the Property from Minocqua Timber, LLC at the total price of One Million Three Hundred Eight Thousand Dollars (\$1,308,000)

**BE IT FURTHER RESOLVED**, that the Board hereby expresses a preference for completing as much of the acquisition of the Property as possible utilizing the proposed land exchange transactions also approved at this meeting; and

**BE IT FURTHER RESOLVED**, that the Board hereby authorizes the purchase of any portions of the Property which are not acquired by BCPL via a proposed land exchange, at a price not to exceed One Thousand Twenty-eight dollars and thirty cents (\$1,028.30) per acre, all in accordance with Chapter 24 of the Wisconsin Statutes on such other terms and conditions as the Executive Secretary determines to be reasonable and necessary. The Executive Secretary is authorized and directed to execute any documents reasonably necessary to complete such transaction.

Summary Analysis of Potential Property Purchase  
Transaction ID#: P 1901

Common Name: Minocqua Timber LLC Purchase

County: Oneida/Iron Township: Little Rice-Cassian-Sherman

Legal Description: See addendum

Acres: 1,271.97

Purchase Criteria

1. Forest Fragmentation

- Average tract size increases.
- The ratio of perimeter to area decreases.
- There is a clear reduction of the threat for conversion from forest to non-forest use.

2. Access

- Management access to our existing timber tracts is improved.
- There is an increase in the number of BCPL acres open to the public.

3. Management Efficiency

- The percentage of upland on BCPL properties increases.
- The amount of line work per acre decreases.
- The average distance from the tracts to the BCPL field office decreases.

4. Timber Character and Value

- The average site index of forest soils on BCPL property increases.
- Within one cutting cycle there is an increase in the potential high-value sawlog volume and growth on the tract
- There is an increase in the forest types and species that diversify the BCPL's timber portfolio.
- There is an increase in the number of acres and size of tracts where the BCPL has summer logging opportunities.

I recommend that BCPL purchase the above property on terms and conditions acceptable to BCPL:

- Yes
- No

  
Trust Lands Forestry Supervisor

8-30-18  
Date

I accept the recommendation of the Trust Lands Forestry Supervisor and direct the staff to proceed accordingly.

- Yes
- No

Minocqua, WI 54548  
Seller's Attorney or Agent Phone Number(s): (715) 358-5263  
Asking Price: \$ n/a

**Summary Analysis of Potential Property Purchase**  
**Transaction ID#: P 1901**

Common Name: Minocqua Timber LLC Purchase

County: Oneida/Iron Township: Little Rice-Cassian-Sherman

Legal Description: See addendum

Acres: 1,2171.97

Acres of productive forest land in parcel(s): 1,138.6 acres

Acres of timber base in parcel(s): 987.9 acres

Acres of non-productive land in parcel(s): 133.4 acres

Acres of land with public access in parcel(s): 1,271.97 acres

Acres of land without public access in parcel(s): 0 acres

Acres of current BCPL land that will become accessible to the public through parcel(s): 661.23 acres

Acres of our current BCPL land that will become accessible for timber management purposes through parcel(s): 301.36 acres

Comments (parcel cover type or other attributes of parcel or transaction):

This purchase would provide a broad range of benefits including but not limited to:

- 1) Over 650 acres of existing BCPL lands without legal access would gain legal access to town roads;
- 2) The purchase would increase BCPL's sandy soils and summer logging oppoirtunities, which are currently in high demend in northern Wisconsin;
- 3) The purchase would provide opportunities for significant short and medium-term timber revenue. Approximately 4-5 timber values at \$225-\$275 thousand dollars will be available for timber sales in the next 1-5 years;
- 4) The lands are close to BCPL's field office in Lake Tomahawk and would incerese management efficiency by reducing drive times;
- 5) The purchase would increase management efficiency by reducing line work by 6 miles;
- 6) The purchase would create larger blocks from scattered parcels, thereby increasing timber management efficeincy and increasing economies of scale in future timber sales.

**REAL ESTATE APPRAISAL – RESTRICTED REPORT**

**CERTIFICATION**

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report, and no personal interest with respect to the parties involved.
- I have no bias or personal interest with respect to the property and parties involved in the assignment.
- I have had previous appraisal experience on the entire Minocqua Timber property, but not within three years of the effective date of value.
- My engagement in this assignment is not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the "Uniform Standards of Professional Appraisal Practice."
- I, William M. Steigerwaldt, personally inspected the subject property on October 25, 2018. The comparable sales were field inspected by the appraiser or qualified assistants in the period 2014 to 2017.
- No one provided significant real property appraisal assistance to the person signing this certification.
- In my opinion, the market value of the subject property is \$1,208,000 as of October 25, 2018.

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 6  
PROPOSED LAND EXCHANGE – NATIONAL PARK TRUST (E1901)**

BCPL may exchange any parcel of school trust lands for any other land of approximately equal value if the exchange will contribute to the consolidation or completion of a block of land, enhance conservation of lands or otherwise be in the public interest.

In conjunction with the acquisition outlined in Agenda Item 5, staff is requesting authority to convey three separate tracts of school trust land located in Burnett, Polk, and Washburn Counties to the National Park Trust in exchange for timberland in Iron County. All three tracts are within the St. Croix National Scenic Riverway, which was established under the National Wild and Scenic Rivers Act. The purpose of the Act is to preserve certain rivers with outstanding natural, cultural, and recreation values in a free-flowing condition for the enjoyment of present and future generations. The riverway project is managed by the National Park Service. The National Park Trust will subsequently sell the parcels to the National Park Service.

The three BCPL tracts contain a total of 145.85 acres and were independently appraised at a total value of \$234,000. To effectuate the exchange, the National Park Trust would first purchase 228 acres of approximately equal-value timberland in Iron County from Minocqua Timber, LLC and then convey such timberland to BCPL in exchange for the school trust lands described above.

BCPL staff recommends the exchange for the following reasons:

- the exchange will enhance the conservation of lands and is in the public interest;
- the BCPL parcels that would be conveyed to the National Park Trust are low-productive parcels and do not currently generate any revenue for the school trust funds;
- the BCPL parcels are isolated; and
- the BCPL parcels are landlocked.

The property that BCPL would receive in the exchange would:

- contribute to the consolidation of a block of land;
- improve public access to the existing block of BCPL land; and
- provide additional timber revenue for the trust fund.

The properties to be exchanged are of approximately equal value.

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 6  
PROPOSED LAND EXCHANGE – NATIONAL PARK TRUST (E1901)**

**RECITALS**

- A. BCPL currently owns three tracts of land totaling 145.85 acres located in Burnett, Polk, and Washburn County (the “BCPL property”) described as:
- Township 41 North, Range 16 West, Town of Swiss, Burnett County  
Section 2: SW/SE (approximately 40 acres);
- Township 32 North, Range 19 West, Town of Farmington, Polk County  
Section 32: Gov Lot 2 (approximately 25.85 acres); and
- Township 41 North, Range 13 West, Town of Chicog, Washburn County  
Section 28: NE/NE and SE/NE (approximately 80 acres)
- B. The National Park Service (“NPS”) has expressed an interest in acquiring the BCPL property because all three parcels are within the St. Croix National Scenic Riverway project boundary.
- C. Under federal law (16 USC Section 1277), NPS may not purchase land directly from a state.
- D. NPS works with the National Park Trust as a partner on various transactions and has requested that the National Park Trust facilitate this proposed exchange. NPS will then acquire the BCPL property from the land trust at the appraised value.
- E. The BCPL property has been evaluated by BCPL staff against criteria previously adopted by the Board and has been determined by BCPL staff to be appropriate for exchange according to such criteria. A copy of the summary analysis for the three tracts is attached to this resolution as Exhibit A.
- F. The BCPL property has been appraised by Compass Land Consultants, Inc. for a total value of \$234,000. A copy of the Certification of Appraisal for each parcel is attached to this resolution as Exhibit B.
- G. BCPL staff has identified a 228 acre block of land that is suitable for the proposed exchange. The National Park Trust will purchase this “incoming property” from Minocqua Timber, LLC. The incoming property is located in:

Township 41 North, Range 4 East, Town of Sherman, Iron County, Wisconsin  
Section 9: NE/NE, SW/NE, NW/NW, SW/NW, SE/NW, and  
north 28 acres of NE/SE

- H. The incoming property is adjacent to other BCPL parcels, will improve access to BCPL's existing property, and contains productive timberland.
- I. The incoming property has been evaluated by BCPL staff against criteria previously adopted by the Board and has been determined by BCPL staff to be appropriate for exchange according to such criteria. A copy of the summary analysis for the incoming property is attached to this resolution as part of Exhibit A.
- J. The incoming property has been independently appraised by Compass Land Consultants, Inc. and the appraised value was used for negotiation purposes. The agreed-upon value for the incoming property is \$1,028 per acre.
- K. The BCPL property and incoming property are of approximately equal value as required under Wis. Stat. 24.09(bm).
- L. BCPL staff recommends approval of this proposed exchange of properties of approximately equal value for the following reasons:
  - 1. BCPL staff has determined that the outgoing BCPL property is appropriate for sale or exchange;
  - 2. The exchange will enable BCPL to dispose of low-productive parcels that do not currently produce any revenue for the school trust funds;
  - 3. BCPL staff has determined that the proposed exchange is in the public interest and will enhance conservation of lands and the acquisition of the incoming property would contribute to the consolidation of a block of land, improve public access to an existing BCPL block of land, and produce more timber revenue for the trust fund; and
  - 4. The values of the properties in the proposed exchange are "approximately equal" as that term is defined in Wis. Stat. 24.09.

**NOW, THEREFORE BE IT RESOLVED**, that the Board of Commissioners of Public Lands hereby determines that the proposed exchange is in the public interest, will contribute to the consolidation of a block of land and enhance conservation of lands; and

**BE IT FURTHER RESOLVED**, that the Board hereby approves the exchange of the BCPL parcels for the incoming parcels with the National Park Trust in accordance with Chapter 24 of the Wisconsin Statutes on such other terms and conditions as the Executive Secretary determines to be reasonable and necessary. The Executive Secretary is authorized and directed to execute any documents reasonably necessary to complete such transaction.

## Addendum - Outgoing BCPL Property

### **Legal Descriptions and Acreage of Outgoing Property**

Township 41 North, Range 16 West, Town of Swiss, Burnett County, Wisconsin  
Section 2: SW/SE (40 acres)

Township 32 North, Range 19 West, Town of Farmington, Polk County, Wisconsin  
Section 32: Gov Lot 2 (25.85 acres)

Township 41 North, Range 13 West, Town of Chicog, Washburn County, Wisconsin  
Section 28: NE/NE and SE/NE (80 acres)

Total GLO Acreage of Outgoing BCPL parcels: **145.85**

**Summary Analysis of Potential Property Exchange  
Transaction ID#: E1901**

Common Name for Land Parcel: National Park Trust

County: Iron Township: Sherman

Legal Description: See Addendum

Acres: 228 total

**Criteria – Incoming Property**

**1. Forest Fragmentation**

- Average tract size increases.
- The ratio of perimeter to area decreases.
- There is a clear reduction of the threat for conversion from forest to non-forest use.

**2. Access**

- Management access to our existing timber tracts is improved.
- There is an increase in the number of BCPL acres open to the public.

**3. Management Efficiency**

- The percentage of upland on BCPL properties increases.
- The amount of line work per acre decreases.
- The average distance from the tracts to the BCPL field office decreases.

**4. Timber Character and Value**

- The average site index of forest soils on BCPL property increases.
- Within one cutting cycle there is an increase in the potential high-value sawlog volume and growth on the tract.
- There is an increase in the forest types and species that diversify the BCPL's timber portfolio.
- There is an increase in the number of acres and size of tracts where the BCPL has summer logging opportunities.

## **Part I – Introduction**

### **Certification**

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and legal instructions, and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report, and no personal interest with respect to the parties involved.
- I have not performed services on the subject property within a three-year period of the effective date of this appraisal.
- I have no bias with respect to the property that is the subject of the work under review or to the parties involved with this assignment.
- My engagement in this assignment is not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with the "Uniform Appraisal Standards for Federal Land Acquisitions."
- The appraisal was made and the appraisal report prepared in conformity with the Appraisal Foundation's Uniform Standards for Professional Appraisal Practice, except to the extent that the Uniform Appraisal Standards for Federal Land Acquisitions required invocation of USPAP's Jurisdictional Exception Rule, as described in Section 1.2.7.2. of the Uniform Appraisal Standards for Federal Land Acquisitions.
- I personally inspected the subject property, which is the subject of this report and all comparable sales used in developing the estimate of value. The date of inspection for the subject property was October 3, 2017. The comparable sales were inspected on various dates in November of 2017.
- Erik Barttelt, forester and appraisal assistant, provided significant professional assistance to the appraiser. Mr. Barttelt took part in the property inspection, assisted with a search for comparable sales, and assisted with writing the narrative report.
- The owner's representative, Tom German with the State of Wisconsin, was contacted and invited to accompany me during the subject property's inspection and did so on the date of inspection.
- Based upon the information contained in this report, it is my opinion that the property is two larger parcels with market values of \$98,000 and \$79,000 as of October 3, 2017.

*The appraisal is subject to the Jurisdictional Exception Rule regarding the definition of market value used in the assignment. The reader should note that this definition of market value, required by the Uniform Appraisal Standards for Federal Land Acquisitions, is not "linked" to a specific "exposure time" estimate as required by the Uniform Standards of Professional Appraisal Practice (USPAP, SR 1-2©). "Appraisers should not link opinions of value for federal acquisitions to a specific exposure time" (Section 4.2.1.2, UASFLA, 2016). This appraisal, therefore, invokes the Jurisdictional Exception Rule and does not include an opinion of reasonable exposure time.*

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 7  
PROPOSED LAND EXCHANGE – NORTHWOODS LAND TRUST (E1902)**

BCPL may exchange any parcel of school trust lands for any other land of approximately equal value if the exchange will contribute to the consolidation or completion of a block of land, enhance conservation of lands or otherwise be in the public interest.

In conjunction with the acquisition outlined in Agenda Item 5, staff is requesting authority to convey a 129.20 acre tract of land located in Iron County to the Northwoods Land Trust in exchange for timberland in Iron County. The BCPL parcel contains very rare remnant old growth hemlock hardwood stands that the Northwoods Land Trust would like to preserve in perpetuity. In addition, the parcel has been prime habitat for the American Marten, which is on the Wisconsin endangered species list. The property also contains approximately 870 feet of lowland frontage on Sack Lake.

Over a decade ago the DNR expressed an interest in acquiring the parcel but for a variety of reasons has not been able to follow through with a purchase. The Northwoods Land Trust holds a permanent conservation easement on adjacent private land and considers the parcel a good fit for its mission.

The appraised value of the BCPL parcel is \$142,000. To effectuate the exchange, the Northwoods Land Trust would first purchase 138 acres of approximately equal-value timberland in Iron County from Minocqua Timber, LLC and then convey the timberland to BCPL in exchange for this school trust land parcel on Sack Lake.

BCPL staff recommends the exchange for the following reasons:

- the exchange will enhance conservation of lands and is in the public interest;
- the school trust lands parcel that would be conveyed to the Northwoods Land Trust is a low-productive parcel and does not currently generate any revenue for the school trust funds;
- the BCPL parcel is isolated; and
- the BCPL parcel is landlocked.

The property that BCPL would receive in the exchange would:

- contribute to the consolidation of a block of land;
- improve public access to the existing block of BCPL land; and
- provide additional timber revenue for the trust fund.

The properties to be exchanged are of approximately equal value.

*BCPL Project Maps*

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 7  
PROPOSED LAND EXCHANGE – NORTHWOODS LAND TRUST (E1902)**

**RECITALS**

- A. BCPL currently owns a parcel of land totaling 129.20 acres located in Iron County (the “BCPL property”) described as:

Township 44 North, Range 1 East, Town of Knight, Iron County, Wisconsin

Section 23: Government Lot 1  
Government Lot 3  
NE¼ of the SW¼  
Omitted land lying between the original meander lines in  
Government Lots 1 and 3 and the existing shoreline of Sack Lake  
as allocated in a Boundary Line Agreement recorded as Document  
No. 165853.

- B. The Northwoods Land Trust is a not-for-profit tax-exempt conservation organization dedicated to protecting woodlands, wetlands, wildlife habitat and water frontage. The Northwoods Land Trust has expressed an interest in acquiring the BCPL property for long-term ownership because it contains very rare old growth hemlock stands, it contains prime habitat for the state-endangered American Marten, and it is adjacent to a conservation easement held by the land trust.
- C. The BCPL property has been evaluated by BCPL staff against criteria previously adopted by the Board and has been determined by BCPL staff to be appropriate for exchange according to such criteria. A copy of the summary analysis is attached to this resolution as Exhibit A.
- D. The BCPL property has been appraised by Compass Land Consultants, Inc. for a value of \$142,000. A copy of the Certification of Appraisal is attached to this resolution as Exhibit B.
- E. BCPL staff has identified a 138 acre block of land that is suitable for the proposed exchange. The Northwoods Land Trust will purchase this “incoming property” from Minocqua Timber, LLC. The incoming property is located in:

Township 41 North, Range 4 East, Town of Sherman, Iron County, Wisconsin

Section 5: south 18 acres of NW/SE, SW/SE

Section 8: NE/NE, NW/NE

- F. The incoming property is adjacent to other parcels to be acquired by BCPL, will improve access to BCPL's existing property, and contains productive timberland.
- G. The incoming property has been evaluated by BCPL staff against criteria previously adopted by the Board and has been determined by BCPL staff to be appropriate for exchange according to such criteria. A copy of the summary analysis for the incoming parcels is attached to this resolution as part of Exhibit A.
- H. The incoming property has been independently appraised by Compass Land Consultants, Inc. and the appraised value was used for negotiation purposes. The agreed-upon value for the incoming property is \$1,028 per acre.
- I. The BCPL property and incoming property are of approximately equal value as required under Wis. Stat. 24.09(bm).
- J. BCPL staff recommends approval of this proposed exchange of parcels of approximately equal value for the following reasons:
  - 1. BCPL staff has determined that the outgoing BCPL parcel is appropriate for sale or exchange;
  - 2. The exchange will enable BCPL to dispose of a low-revenue parcel;
  - 3. BCPL staff has determined that the proposed exchange is in the public interest and enhance the conservation of lands and the acquisition of the incoming property would contribute to the consolidation of a block of land, improve public access to an existing BCPL block of land, and produce more timber revenue for the trust fund; and
  - 4. The values of the properties in the proposed exchange are "approximately equal" as that term is defined in Wis. Stat. 24.09.

**NOW, THEREFORE BE IT RESOLVED**, that the Board of Commissioners of Public Lands hereby determines that the proposed exchange is in the public interest, will contribute to the consolidation of a block of land and will enhance conservation of lands; and

**BE IT FURTHER RESOLVED**, that the Board hereby approves the exchange of the BCPL property for the incoming property with the Northwoods Land Trust in accordance with Chapter 24 of the Wisconsin Statutes on such other terms and conditions as the Executive Secretary determines to be reasonable and necessary. The Executive Secretary is authorized and directed to execute any documents reasonably necessary to complete such transaction.

**2. Access**

- Management access to our existing timber tracts is improved.
- There is an increase in the number of BCPL acres open to the public.

**3. Management Efficiency**

- The percentage of upland on BCPL properties increases.
- The amount of line work per acre decreases.
- The average distance from the tracts to the BCPL field office decreases.

**4. Timber Character and Value**

- The average site index of forest soils on BCPL property increases.
- Within one cutting cycle there is an increase in the potential high-value sawlog volume and growth on the tract.
- There is an increase in the forest types and species that diversify the BCPL's timber portfolio.
- There is an increase in the number of acres and size of tracts where the BCPL has summer logging opportunities.

---

I recommend that BCPL acquire the property on terms and conditions acceptable to BCPL.

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 8  
PROPOSED LAND EXCHANGE – WISCONSIN VALLEY IMPROVEMENT COMPANY  
(E1903)**

BCPL may exchange any parcel of school trust lands for any other land of approximately equal value if the exchange will contribute to the consolidation or completion of a block of land, enhance conservation of lands or otherwise be in the public interest.

In conjunction with the acquisition outlined in Agenda Item 5, staff is requesting authority to convey various tracts of land totaling 461.48 acres located in Oneida and Vilas County to Wisconsin Valley Improvement Company (WVIC) in exchange for land in Oneida County. The BCPL tracts are primarily submerged lands in the Rainbow Flowage in Oneida County and the Lower Ninemile Flowage in Vilas County.

WVIC was publicly chartered by the State of Wisconsin in 1907 to produce as nearly a uniform flow of water as practicable in the Wisconsin River by storing surplus water in reservoirs in order to improve the usefulness of the river for all public purposes and to reduce flood damage. WVIC is licensed by the Federal Energy Regulatory Commission (FERC) to operate the Rainbow Flowage and Lower Ninemile Flowage as part of the 21 storage reservoirs that comprise the Wisconsin River Headwaters Reservoir System. WVIC's FERC license and management plans promote a holistic balance among the benefits the water resource provides, including water conservation, flood control, low flow augmentation, hydroelectric generation, shoreline maintenance, archaeological preservation, water quality, fish and wildlife habitat, cultural/historic preservation, and public recreation. The property will remain open to the public after WVIC acquires it.

In accordance with its long standing history of partnering with a variety of agencies, entities, and stakeholders on stewardship initiatives, WVIC is interested in acquiring the school trust land parcels to ensure the ongoing protection and enhancement of the natural resources and public recreational benefits of the Rainbow and Lower Ninemile tracts.

BCPL and WVIC both contracted appraisals for the subject tracts and agreed to use the appraisal from Compass Land Consultants, Inc. for the Rainbow Flowage lands and the appraisal from Steigerwaldt Land Services, Inc. for the Lower Ninemile Lake lands for a total value of \$190,000. To effectuate the exchange, WVIC would first purchase 185 acres of approximately equal-value land in Oneida County from Minocqua Timber, LLC and then convey such lands to BCPL in exchange for the BCPL school trust lands described above.

BCPL staff recommends the exchange for the following reasons:

- the BCPL parcels that would be conveyed to WVIC are low-productive parcels that are not currently producing any revenue for the school trust funds;

- the BCPL parcels are mostly isolated;
- many of the BCPL parcels are landlocked; and
- most of the BCPL school trust lands are completely underwater.

The property that BCPL would receive in the exchange would:

- contribute to the consolidation of a block of land;
- improve public access to the existing block of BCPL land; and
- provide additional timber revenue for the trust fund.

The properties to be exchanged are of approximately equal value.

**BOARD MEETING  
OCTOBER 1, 2019**

**AGENDA ITEM 8  
PROPOSED LAND EXCHANGE – WISCONSIN VALLEY IMPROVEMENT COMPANY  
(E1903)**

**RECITALS**

- A. BCPL currently owns various tracts of land totaling 461.48 acres located in Oneida and Vilas County (the “BCPL property”) described as:

Township 39 North, Range 8 East, Town of Newbold, Oneida County, Wisconsin

Section 16: SW/NE

Section 20: Government Lot 6, Government Lot 7

Section 29: Government Lot 1

Section 30: Government Lot 1

Township 40 North, Range 11 East, Town of Washington, Vilas County, Wisconsin

Section 33: NE/SE

Section 34: SW/NE, NE/SW, NW/SW, SW/SW, SE/SW, NW/SE, SW/SE

- B. Wisconsin Valley Improvement Company (WVIC) has expressed an interest in acquiring the BCPL property in order to fulfill its mission of regulating the flow of the Wisconsin River.
- C. The BCPL property has been evaluated by BCPL staff against criteria previously adopted by the Board and has been determined by BCPL staff to be appropriate for exchange according to such criteria. A copy of the summary analysis is attached to this resolution as Exhibit A.
- D. The BCPL property has been appraised by Compass Land Consultants, Inc. and Steigerwaldt Land Services. Based on the appraised values, BCPL and WVIC staff have agreed on a total price of \$190,000 for the BCPL property. A copy of the Certifications of Appraisal is attached to this resolution as Exhibit B.
- E. BCPL staff has identified a 185 acre block of land that is suitable for the proposed exchange. WVIC will purchase this “incoming property” from Minocqua Timber, LLC. The incoming property is located in:

Township 37 North, Range 5 East, Town of Little Rice, Oneida County, Wisconsin

Section 1: 5 acres southwest of Bear Creek in NE/NE, east 20 acres of SW/NE, SE/NE, NE/SE, NW/SE, SE/SE

- F. The incoming property is adjacent to other BCPL parcels, will improve access to BCPL's existing property, and contains productive timberland.
- G. The incoming property has been evaluated by BCPL staff against criteria previously adopted by the Board and has been determined by BCPL staff to be appropriate for exchange according to such criteria. A copy of the summary analysis for the incoming parcel is attached to this resolution as part of Exhibit A.
- H. The incoming property has been independently appraised by Compass Land Consultants, Inc. and the appraised value was used for negotiation purposes. The agreed-upon value for the incoming property is \$1,028 per acre.
- I. The value of the BCPL property and incoming property is of approximately equal value as required under Wis. Stat. 24.09(bm).
- J. BCPL staff recommends approval of this proposed exchange of parcels of approximately equal value for the following reasons:
  - 1. BCPL staff has determined that the outgoing BCPL property is appropriate for sale or exchange;
  - 2. The exchange will enable BCPL to dispose of low-productive parcels;
  - 3. BCPL staff has determined that the exchange is in the public interest and the acquisition of the incoming parcels would contribute to the consolidation of a block of land, improve public access to an existing BCPL block of land, and produce more timber revenue for the trust fund; and
  - 4. The values of the properties in the proposed exchange are "approximately equal" as that term is defined in Wis. Stat. 24.09.

**NOW, THEREFORE BE IT RESOLVED**, that the Board of Commissioners of Public Lands hereby determines that the proposed exchange is in the public interest and will contribute to the consolidation of a block of land; and

**BE IT FURTHER RESOLVED**, that the Board approves the exchange of the BCPL property for the incoming property with Wisconsin Valley Improvement Company in accordance with Chapter 24 of the Wisconsin Statutes on such other terms and conditions as the Executive Secretary determines to be reasonable and necessary. The Executive Secretary is authorized and directed to execute any documents reasonably necessary to complete such transaction.

**Board of Commissioners of Public Lands  
Summary Analysis of Potential Property Exchange  
Transaction ID#: E1903**

Common Name for Land Parcel: Rainbow Flowage and Lower Ninemile

County: Oneida and Vilas Township: Newbold and Washington (respectively)

Legal Description: See Addendum

GLO Acres: 461.48 (total); see Addendum for specifics

**Criteria – Outgoing BCPL Property**

**1. Title**

- Ownership verified with Register of Deeds.
- Title appears merchantable.

**2. Timber Management**

- Parcel is located outside of Consolidation Zone.
- Parcel is an isolated or unproductive parcel within the Consolidation Zone.

**3. Access**

- Parcel does not provide the only reasonable access to other BCPL parcels that will be retained.
- If parcel does provide the only reasonable access to other BCPL parcels to be retained, a public access easement across the parcel has been reserved.
- Parcel has no current access.

**4. Parcel Required By Other Government Entity**

- The parcel is located within a project boundary of another government agency or adjacent to a parcel of land owned by another unit of government.
- Parcel is otherwise required by another unit of government.

I recommend that BCPL convey the property on terms and conditions acceptable to BCPL.
